Check all that apply.

Choices

Education

Culture

Athletics

Please check which objectives your youth program for ages 6-18 achieves.*

In responding to the following questions, please note-- by number--which objective you are addressing.

1. Increase access to and the creation of diverse cultural experiences.
2. Improve school-based and out-of-school learning opportunities in areas such as science, technology, engineering, arts, and math (STEAM) and other areas
3. Increase early college awareness and access to post-secondary education.
4. Increase access to sports and diversify sports programs
5. Provide culturally-responsive, student-directed learning experiences that are supported through mentoring.
